

New Publication from EPFL Press
"Les bactéries font de la résistance"

Dear Members,

We would like to inform you of the release, in early March, of a new book entitled *Les bactéries font de la résistance*, co-authored by microbiologists Christèle Aubry and Gilbert Greub.

This graphic novel may be of interest to you or your colleagues.

You will find a more detailed presentation in the attached document and on the EPFL Press website:

<https://www.epflpress.org/produit/1629/9782889157457/les-bacteries-font-de-la-resistance>.

Please do not hesitate to share this information within your network.

Best regards,

On behalf of the SSM Lay Communication Section
